Martimo®

OCEANS APART

True passion can take you anywhere. Taking dreams, and then setting them afloat affords some of life's best experiences.

It is literally what will set you Oceans Apart.

Maritimo is proudly designed and handcrafted in Australia. Our passion for being on the sea manifests in the form of outstanding, long-range, luxurious and stylish, world-class motor yachts.

For over 60 years, our Founder Bill Barry-Cotter, has been ensuring that every vessel delivers on this premise. Just as with everything, it is experience that builds knowledge. Only with knowledge can you develop, enhance, solve, and create.

Immersed in a rich history of competition, Maritimo have always strived to be the best at what we do. For us, it's dedicated effort and performance all of the time, or not at all.

But we aren't all about our winning reputation, we are about building a family of ambassadors and advocates for the brand and the lifestyle.

We consider our owners, and the very team that build their dreams, the very foundation of our existence. Maritimo DNA does not just require the input of owners and our craftspeople into our product, it is built from it.

Our team holds an unwavering commitment to innovation, craftsmanship, integrity, and excellence. This is the Maritimo passion personified; and our point of difference.
